Eureka, CA 95501  
(707) 441-4000

### Smoke Alarms Save Lives.

10/24/2019

FOR IMMEDIATE RELEASE

**Subject :** Emergency & Disaster Preparedness Neighborhood Event

**Contact :** Amy Conlin, Community Risk Reduction Specialist, 707-601-6724

---

Humboldt Bay Fire realizes that many in our community felt unprepared for the Public Safety Power Shutoffs orchestrated by PG&E that affected our county this month.

Because of this, along with Humboldt Bay Fire Community Emergency Response Team (HBF CERT) and the American Red Cross, we will be holding an Emergency & Disaster Preparedness Presentation and Conversation this evening, October 24<sup>th</sup> at 5:30pm at our Rob Bode Training Classroom at 3030 L St. in Eureka, CA.

We were overwhelmed by the community response to this event, and have currently maxed out on our expected occupancy for *this* event. However, given the response, we are planning to hold additional events so that everyone who is interested in learning more about our local risks and how to prepare for them will have that opportunity. Anyone interested in attending a future event should contact us at 707-441-4000.

In addition, Humboldt Bay Fire is offering a new service to the community. Our Community Risk Reduction Specialist will sit down with anyone interested in creating an Emergency & Disaster Kit customized to them and their needs and will work with local partners to supply the kit for a donation covering the costs. If you would like Humboldt Bay Fire to create a custom kit for you, contact Amy Conlin at [aconlin@hbfire.org](mailto:aconlin@hbfire.org) or 707-441-4009.

We never know when an emergency or disaster will strike. Be informed, Make a Plan, Build a Kit, Get Involved.
