

HUMBOLDT BAY FIRE

2020 ANNUAL REPORT

WE'RE AT YOUR SERVICE

A MESSAGE FROM YOUR HUMBOLDT BAY FIRE CHIEF

Like most departments across the country, Humboldt Bay Fire faced many new challenges in 2020.

However, we remain focused on our mission of dedicated service through leadership, vision, and integrity.

Our personnel are highly trained, caring, and compassionate professionals who place the interests of our community before their own.

Our commitment is exhibited through our response to emergency incidents and our extensive community engagement, emergency management, and community risk reduction efforts.

We demonstrate our commitment to community service by exploring new ways of providing the most efficient and professional services possible to those who reside in, work in, or visit our community.

Sean Robertson

WE PUT SERVICE OVER SELF

WE ARE GROWING

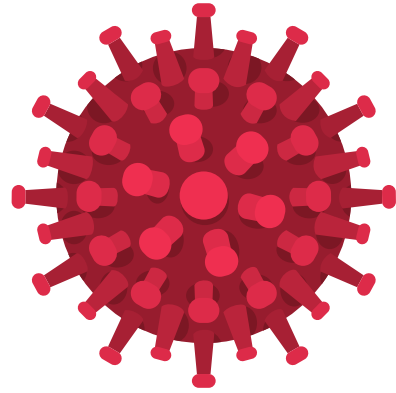

In 2020 we welcomed our largest recruit academy to date! A total of six new recruits joined our ranks and have since finished their probationary year.

Pictured are Humboldt Bay Fire's six 2020 recruits along with HBF Captain Goodman (center) who served as their academy director for 8 weeks.

COVID-19 EMERGENCY RESPONSE

Humboldt Bay Fire is active in ensuring our department, our City, our County, and our citizens are prepared to respond to and recover from emergencies and disasters. We work within the Incident Command System as a framework to reduce vulnerability to hazards and cope with disasters.

On March 2, 2020, the Humboldt County Emergency Operations Center activated in response to the COVID-19 pandemic in order to best serve and inform our community.

Multiple departments, including Humboldt Bay Fire, took on roles in the EOC, which remained active throughout 2020.

During the unprecedented pandemic, your HBF personnel came together with the City and County to continue serving you best.

WE'RE THERE FOR OUR NEIGHBORS

Humboldt Bay Firefighters pride themselves on providing mutual aid and lending assistance to other fire departments across jurisdictional boundaries.
